Education

Purdue University

B.S. in Aeronautical and Astronautical Engineering • GPA: 3.88/4.00

West Lafayette, IN

Sep 2024 – May 2027

Wellesley High School

GPA: 4.92/5.00 • SAT: 1550

Wellesley, MA

Sep 2020 – May 2024

Relevant Coursework

Design Graphical Communication and Spatial Analysis, Introduction to Aerospace Design

Mathematics Ordinary & Partial Differential Equations, Linear Algebra, Multivariable Calculus, Statistics

Aerospace Aerodynamics, Aeromechanics, Thermodynamics, Fluid Mechanics, Structural Analysis, Signals Analysis

Experience

Undergraduate Researcher

SURF Fellow

West Lafayette, IN

May 2026 – July 2026

- Developed a defect detection program for the AFP robot using a 2D laser profile scanner
- Worked in the AFP Lab in the Composites Manufacturing & Simulation Center at Purdue with Professor Dianyun Zhang
- Assisted with creating test composites, working with vacuum bagging, autoclave curing, and four-point bending tests

Feb 2026 –

Purdue High Speed Plane

Project Manager / Vehicle Lead

West Lafayette, IN

Jan 2026 –

- Used project management tools to make sure that deadlines were met and project sub-assemblies wouldn't conflict
- Did design reviews with sub-team leads to ensure that the design would meet project requirements
- Worked on aircraft design, using XFLR5 to study wing loading and determine structural requirements
- Modelled airfoils and control surfaces in CAD and did basic CFD on the completed model

Aug 2025 –

Mathnasium Senior Tutor

- Taught students from K-9 math in a small group environment, helping with homework and teaching off the page
- Learned to open and close the center and trained to be the acting Center Director when needed

Wellesley, MA

Aug 2022 – Jan 2024

Community Service and Outreach

Purdue Science Olympiad

Secretary, Executive Board Member

West Lafayette, IN

Apr 2025 –

- Handled club communication & worked on planning the Purdue Science Olympiad Invitational
- Wrote, graded, and proctored tests for middle and high school Science Olympiad competitions

Jan 2023 –

Infinity Squad Mentor

- Helped elementary schoolers with homework and created supplemental curriculum to foster interest in math

Online

Nov 2020 – Mar 2023

Honors and Scholarships

2026 Orrin Arthur Austin Memorial Scholarship *Purdue*

2026 Summer Undergraduate Research Fellowship *Purdue*

2026 Warren G. Koerner Scholarship *Purdue*

2024-26 Dean's List & Semester Honors *Purdue*

Skills and Interests

Programming MATLAB, Python, Java, LaTeX

Software NX, Fusion, XFLR5, Siemens Teamcenter, Jira, Excel & Office

Research interests Composite manufacturing, Automated Fiber Placement, Aeroelasticity, Aerodynamics, CFD
